Re: Drew Parker – Medical Services

Please be advised that medical services at Canada Olympic Park were contracted to Drew Parker's company from April 1988 through March of 2006.

During this period, medical services were provided for all aspects of park operation including the ski hill, bobsleigh/luge track, ski jumps, mountain bike park, summer camps and special events.

The medics also responded to all staff workplace accidents.

The service provided by Mr. Parker and his team was professional and often exceeded expectations.

Many positive comments were received from our customers, high performance athletes and staff regarding the quality of medical care that they received.

I have no hesitation in recommending the services of Canadian Paramedical Services Inc.

Please feel free to contact me if you require any additional information.

Yours truly,
Canada Olympic Park

Randy R. Skimmings
Manager, Safety and Security
