Attention: Drew Parker

On behalf of Imperial Oil Resources Ltd. I would like to recognize the support and effort you have given to the Quirk Creek Operation during plant shut-downs in supplying first aid and emergency medical support.

It is contractors like yourself who work with us that are a significant part of our safety and profitability. The way you and your staff conduct your business in a very professional manner is essential to helping us meet our objectives and contribute to our successful shut-downs.

We look forward to working with yourself and your staff in the future and I would not hesitate to recommend your services to our other operations or to other operating companies.

Thank-you
